

STAYTRU CAPITAL CAMPAIGN

The Truman Library Institute—the member-supported nonprofit partner of the Truman Library, founded by President Truman, himself—has raised nearly \$39 million in private funds through its Stay TRU Capital Campaign, which includes \$29 million for the building renovation and new permanent Truman exhibition. Campaign funds also will support enhanced education programs, expanded public programs and an endowment for operations and programming.

Donations have been received from more than 25,000 individual donors from every state in the union.

Thanks to the tremendous response to the Stay TRU Capital Campaign, the rising generation of American citizens will be inspired by Truman’s life and leadership like never before, in the all-new museum at the Harry S. Truman Library and Museum.

“THIS IS THE MUSEUM FOR THE NEXT GENERATION OF AMERICANS WHO KNOW TRUMAN’S NAME BUT DON’T KNOW HIS STORY.”
